

Piekenierskloof Grenache 2021

Nestled in the Citrusdal Mountains, some 50 kilometers north of Swartland, is the magnificent Piekenierskloof plateau, which provides the perfect natural environment for vineyards to thrive. At 750 meters above sea level, the plateau's climate is characterised by hot (warm) days and cool nights, which allow grapes to slowly ripen and develop complex fruit flavours. Ungrafted bush vines planted in the 1950's are still used in the production of Piekenierskloof Wine Company's range of Fairtrade wines.

IN THE VINEYARD

Grapes are sourced from vineyards in the Piekenierskloof region from vineyards that were planted in 1973. These vineyards are all non-irrigated bush vines and grow on sandy, loam soils. The vineyards are meticulously farmed and managed to yield below 5 tons per hectare and hand harvested during the second week of March.

WINEMAKING

Grapes are handpicked and cold soaked for 24 hours. Fermentation is initiated with selected yeast strains and is kept under 26°C. Malolactic fermentation is completed in tank. Wine is matured for 12 months in inert 500 liter French Oak barrels.
